Our school creates records relevant to any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and maintains and disposes of those records in accordance with security and privacy requirements and Public Record Office Victoria Recordkeeping Standards (including minimum retention periods) and our Child Safety and Wellbeing Recordkeeping Procedures. Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

Our school's PROTECT: Identifying and Responding to Abuse – Reporting Obligations Policy sets out the actions required under the relevant legislation when there is a reasonable belief that a child at our school is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

Our policy assists Staff and families to:

Our school has also established additional internal procedures and processes to help ensure that appropriate action is taken to prevent, identify and respond to concerns about the wellbeing and/or safety of a student.

Our school is a prescribed Information Sharing Entity (ISE) meaning that, where legislated requirements are met, confidential information can be shared with other ISEs to promote child wellbeing or safety under the CISS or FVISS.

At our school, if any member of our school community has concerns for a child's safety they need to discuss, they can notify the school Principal, the Deputy Principal or the designated Child Safety and Wellbeing Lead/Officer.

If the Principal or Child Safety and Wellbeing Officer is not available, then it should be discussed with a member of the school leadership team. Alternatively, any member of the school community may report directly to the responsible authority.

The staff member, supported by the Principal or designated Child Safety and Wellbeing Officer will follow the step-by-step guide to making a report as outlined in the Four Critical Actions for Schools: Responding to Incidents, Disclosures and Suspicions of Child Abuse.

9. Screening and recruitment of School Staff

12. Risk management

At our school, we are committed to proactively and systematically identifying and assessing risks to student safety across our whole school environment and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor and annually review our risks and risk management strategies for child safety and wellbeing, evaluate the effectiveness of the implementation of our risk controls and ensure that the strategies change as needed and as new risks arise.

The Principal is responsible for ensuring a child safety risk register is developed, maintained and regularly reviewed. This risk register takes into account the local risks and hazards identified in school environments.

Our school maintains a structured and proactive approach to preventing, identifying and managing risks to child safety and wellbeing. A designated **Child Safety and Wellbeing Team**, led by the Principal, oversees risk management processes, policy review and compliance obligations.

Risk assessments are conducted annually and prior to new activities, including camps, excursions, co-curricular programs and the engagement of contractors or external providers. Risk management considers the physical and online environments, the involvement of third parties, and the diverse characteristics and needs of all students, including children with disability and Aboriginal and Torres Strait Islander students.

Online environments are routinely monitored through filtered internet services, supervision of device use, cyber safety education, acceptable use agreements and oversight of school-managed digital platforms. Online safety practices are reviewed regularly.

The school undertakes due diligence when engaging third-party providers. This includes verifying Working With Children Checks, providing the Child Safety Code of Conduct, setting clear contractual expectations and conducting risk assessments for external programs. All visitors must sign in at reception, have their WWCC recorded where required, wear visible identification while onsite and sign out upon departure.

Child safety practices are reviewed through policy review cycles, incident monitoring, leadership oversight and feedback from students, staff and families to ensure continuous improvement and compliance with Child Safe Standards.

13. Communication

The Principal is to make the policy and procedures for child safety are publicly available. Information about child safety is communicated in age and culturally appropriate ages to best assist our school community.
